

# WIRELESS REMOTE CONTROL POWER OUTLET *FOR INDOOR & OUTDOOR USE*

**T**his technologically advanced wireless electronic remote can control virtually everything in your house with just the push of a button. Control lamps, radios, or other electrical devices from up to 100 feet away, even through walls, with this radio frequency wireless remote control. The receiver plugs directly into a three-prong outlet, and provides a remote switched three-prong outlet to allow radio frequency on & off control for a wide variety of electrical devices. The control unit, with key chain, is more than small enough to fit into your pocket, but its signal will work up to 100 feet away from the receiver even from inside your car.

The possibilities for the wireless power switch are endless. Use it to power on kitchen appliances. Start your morning coffee brewing before you even head downstairs and have it waiting for you as soon as you reach the breakfast table. It's ideal for those hard-to-reach plug-ins like holiday lights and computer outlets. The kids left the television on and you don't feel like getting out of a comfortable chair to turn it off? Just one handy button and you're in charge.

**WRC100** - 871363005120

**WRC101** - 871363005137

**WRC103** - 871363005144

### WHAT'S INCLUDED

- **One Remote Control with Attached Key Chain**
- **One Battery for Remote**
- **Outdoor Weatherproof Plug-in Receiver with 8" Power Cord** (WRC101 & WRC103)
- **Indoor Plug-in Receiver** (WRC100 & WRC103)
- **One Year Warranty**
- **Toll Free Tech Support**

### SPECIFICATIONS

#### WRC100

- Unit: One 3-prong 120 volt 60Hz standard AC outlet
- Unit: Temperature range -30°C to 45°C
- Unit: Plugs directly into 3-prong 120V AC outlet
- Remote: Controls one 3-prong 120 volt 60Hz standard AC outlet
- Remote: Wireless range approximately 100ft.

#### WRC101

- Unit: One weatherproof 3-prong 120 volt 60Hz standard AC outlet with 8" power cord
- Unit: Temperature range -30°C to 45°C
- Unit: Plugs directly into 3-prong 120V AC outlet
- Remote: Controls one 3-prong 120 volt 60Hz standard AC outlet
- Remote: Wireless range approximately 100ft.

#### WRC103

- Unit: Two (one weatherproof) 3-prong 120 volt 60Hz standard AC outlet with 8" power cord on the weatherproof outlet
- Unit: Temperature range -30°C to 45°C
- Unit: Plugs directly into 3-prong 120V AC outlet
- Remote: Controls one 3-prong 120 volt 60Hz standard AC outlet
- Remote: Wireless range approximately 100ft.
