ENTOURAGE7 Featured in AARP Holiday Gift Guide

The AARP (American Association of Retired Persons) has given the readers of their magazine an early start by releasing a gift guide for the upcoming holiday season. With over 33 million subscribers, *AARP The Magazine* is the largest circulation magazine in the world. This month (and into December for the online version) readers can find a plethora of gift ideas for everyone on their list.

One “thrifty, nifty gift” that made the cut was NYRIUS’ ENTOURAGE7 global talking translator. The handy, pocket-sized tool is perfect for the traveler in your life. With over 5,000 touristy phrases in seven international languages, this translator is a travel companion you won’t want to forget.
