SVAT Supports Crime Stoppers of Niagara

SVAT is excited to announce a new company initiative of supporting the Crime Stoppers of Niagara organization. SVAT Electronics has been spreading awareness for Crime Stoppers International for many years and recently decided it was time to put forth efforts in the local community. Members of the SVAT staff will be attending the Annual Dan Rathonyi Shooting Competition & Gala this Saturday, October 3rd in Niagara Falls. Company representatives will be volunteering at this event and others in the future.

“We’ve supported Crime Stoppers International for a long time,” says Raj Jain, President of SVAT Electronics. “I truly value the organization as a whole and since we have plenty of resources, it just made sense to offer our help to the local Crime Stoppers branch as well.” Mr. Jain has created a Crime Stoppers Committee within SVAT, which includes himself, the Director of Marketing and two other employees. The Committee will be responsible for overseeing all volunteer duties that the company takes on, which will include fundraising, event promotion and participation in community activities.

For more information on what SVAT is doing to assist Crime Stoppers of Niagara, or to find out how you can help, email marketing@svat.com or visit www.crimestoppersofniagara.com.
